PROFESSIONAL EXPERIENCE

MERN STACK INERN Fluxxon	Jun 2025 – Aug 2025 2 Months
------------------------------------	---

- Designed and built responsive, dynamic UIs using React.js, HTML5, CSS3, and Tailwind CSS for projects like a Recipe Finder and Daily Goals Tracker.
- Developed and integrated scalable backend services with Node.js and Next.js, improving data flow efficiency and overall app performance.

WEB DEVELOPER INERN Fluxxon	Mar 2024 – Jun 2024 3 Months
---------------------------------------	---

- Developed and deployed multiple responsive web applications, including an Application Form System, Business Information Portal, Library Management System, Food Delivery Platform, and Job Posting Website.
- Built dynamic, interactive user interfaces with HTML, CSS (Bootstrap), and JavaScript, ensuring mobile responsiveness and cross-browser compatibility.

PROJECTS

Personal Portfolio Link	Apr 2025 – Mar 2025
--	----------------------------

Tech Stack: HTML, CSS, JavaScript, Firebase, GitHub

- Designed and deployed a responsive portfolio with smooth scrolling and interactive project cards.
- Showcases projects and skills; regularly updated and hosted on GitHub Pages.

Expense Tracker Link	Jun 202 – Jun 2025
---	---------------------------

Tech Stack: React.js, JavaScript, Bootstrap

- Built a full-featured expense tracking app with CRUD functionality and category-wise summaries.
- Visualized financial data using dynamic charts and graphs.

SkyCast Weather App Link	Feb 2024 – Feb 2024
---	----------------------------

Tech Stack: HTML, CSS, JavaScript, OpenWeatherMap API

- Built a responsive weather app displaying real-time data using OpenWeatherMap API.
- Implemented dynamic UI for temperature, conditions, humidity, and wind speed with search functionality.

CERTIFICATES

MERN eCommerce from Scratch (Packt) | [CERTIFICATE](#)

Jul 2025

- Built a full-featured eCommerce website from scratch using the MERN Stack. Includes user authentication, product management, cart, and payment integration.

Programming with JavaScript (Meta) | [CERTIFICATE](#)

Feb 2024

- Learned core JavaScript concepts like variables, functions, loops, and DOM manipulation. Gained hands-on experience in manipulating the DOM to create interactive web pages.

Responsive Web Design (FreeCodeCamp) | [CERTIFICATE](#)

Feb 2024

- Master the HTML, CSS, and JavaScript to create responsive, mobile web designs that adapt to various screen sizes.

Introduction to Android Mobile App Development (Meta) | [CERTIFICATE](#)

Dec 2023

- Define the Fundamental concepts of Android app Development, including the Android app development process, Android Studio, and the Android SDK.

Introduction to Generative AI (Google) | [CERTIFICATE](#)

Nov 2023

- Generative AI and Explain how generative AI works. Identify the different types of generative AI models and their applications.

Java Inheritance, Composition and Aggregation (Coursera) | [CERTIFICATE](#)

Aug 2023

- Learn how to use inheritance, composition, and aggregation in Java to create flexible and reusable code. Understand the differences between these concepts and when to use each one.

EXTRACURRICULARS

- GCU ACM Chapter - Member
